AIRC COUNCIL

All India Red Cross Council (AIRCC) is a Section 8 nonprofit organization under the Ministry of Corporate Affairs, Government of India. We provide First Aid, Paramedical, Safety Management, and Emergency Care training across India. Our mission is to equip students with practical, skillbased education that creates career opportunities and builds a responsible workforce. AIRCC is recognized by NGO Darpan (NITI Aayog), registered under MSME Udyam, and ISO 9001:2015 certified, ensuring our programs and certificates are authentic and nationally accepted. Through our network of franchise centers and institutes, we offer professional courses and workshops to prepare youth for careers in healthcare, emergency services, and government and private sectors.

Practical Training

Certified Trainers

Government Registered

Nationally Accepted Certificate

Vision

- » AIRC COUNCIL aims to be a leading force in humanitarian service by empowering every citizen with essential first aid knowledge. It is committed to providing rapid and effective support during emergencies and health crises. Through continuous training and awareness, AIRCCOUNCIL strives to build a prepared and responsible community.

Mission

- » To provide quality first aid and emergency training to individuals across communities. To prepare people to respond confidently in critical situations.
- » To spread health awareness and humanitarian values through programs and campaigns. To build a responsible and caring society.
- » To offer quick and effective support during disasters and emergencies. To ensure timely help reaches those in need.
- » To create a strong training system with practical learning and expert guidance. To develop skilled individuals for a safer and healthier future.
